'Attention to detail is everything. Each step of the preparation process is just as important as the other, the coats need to be in great condition so regular maintenance using the best shampoos, coat gloss etc. is key, while the small finishing touches can make a big difference to the overall picture.'

'Regular maintenance throughout the year is really important, but especially so for natives, as they tend to have more hair that needs to be kept in great condition. Well maintained manes, tails and coats are much easier to spruce up on show day! Heritage Collection Leg & Feather Oil and Ultra Condition are favourites of mine and Alex's and we couldn't be without Stain Remover Shampoo for the Palominos!'

Coat Gloss is applied all over once we start getting ready for the ring. It lays the coat, adds shine and helps keep his quarter marks in place.
PAGE 16

SUPREME PRODUCTS

6

Highlighter Gloss is added to his eyes, nose and dock for extra shine. It has the added bonus of containing a UV filter making it a much safer option than baby oil.
PAGE 18

SUPREME PRODUCTS

7

Clear Hoof paint enhances the colour of his hooves and prevents them from being dry and brittle. On a sunny day it really adds to appearance.
PAGE 19

SUPREME PRODUCTS

SUPREME PRODUCTS
HIGH SHINE SHAMPOO

1

Firstly, I bath using High Shine Shampoo, this makes sure all the dirt and excess grease is removed from her coat and leaves her with a gorgeous shine!
PAGE 20

SUPREME PRODUCTS
BLUE SHAMPOO

2

Before I rinse off the High Shine Shampoo, I scrub her socks with Blue Shampoo. This product is fantastic.
PAGE 20

SUPREME PRODUCTS
DETANGLE & SHINE

3

Whilst the coat is wet, I'll give her tail a spray with Detangle & Shine and gently brush through, leaving the tail to dry silky and untangled.
PAGE 17

SUPREME PRODUCTS
EASY PLAIT

4

Whilst her mane is still slightly damp, I'll start to plait. As I section out each bunch of mane, I'll give a light spray of Easy Plait, this really helps to straighten the hair and keep the plaits securely in place.
PAGE 17

SUPREME PRODUCTS
COAT GLOSS

5

Once her coat is dry, I give her a flick over with a body brush then lightly spray Coat Gloss all over her, this gives a lovely base shine!
PAGE 16

SUPREME PRODUCTS
SPRAY & SHINE

6

Before she is tacked up, I give her a good groom, then apply Spray & Shine to a soft brush and go over her whole body, concentrating especially on her top line and hind quarters... this gives THE most gorgeous finishing shine.
PAGE 16

SUPREME PRODUCTS
QUARTER MARKING SPRAY

7

I then spray her quarters with Quarter Marking Spray, this makes the hair damp and pliable. Once the markings are done, I'll go over again with a little spray to hold everything in place.
PAGE 16

SUPREME PRODUCTS
HIGHLIGHTER GEL

8

Finally, I rub Highlighter Gel into my hands and then just go over her muzzle, eyes, knees, hocks and dock... this adds the perfect finishing touch!

CUSTOMISATION
AVAILABLE

DESIGNED WITH COMFORT, PRACTICALITY
AND LONGEVITY IN MIND

Garments are based on riding pony/horse types and are sized to fit up to and including a hand size, therefore a 12.2hh pony would be fitted with a 12.2hh garment and a 12.3hh, 13.0hh, 13.1hh and 13.2hh pony would be fitted with a 13.2hh garment and so on. Sizes start at foal/miniature size and go through to 17.2hh. For chunkier types, natives and traditionals, we recommend going up a size, i.e. a 13.2hh Welsh Section C would be sized in a 14.2hh garment.
